| Hersteller               | Caprico Biotechnologies                                                                                                                                                                                                                                       |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Human lymphoblastoid cell line HSB-2                                                                                                                                                                                                                          |
| Konjugation              | PE/Cy5                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Clone HNK-1 reacts with human CD57, a 110 kDa glycoprotein, which is present on a subset of NK lymphocytes and also on a subset of T lymphocytes. It also reacts with myelin-associated glycoprotein in neuroectodermal tissue as well as cells of small c... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [HNK-1]                                                                                                                                                                                                                                                       |
| Isotyp                   | IgM,k                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">27087</a>                                                                                                                                                                                                                                         |
| UniProt                  | <a href="#">Q9P2W7</a>                                                                                                                                                                                                                                        |

|                  |                                                |
|------------------|------------------------------------------------|
| Puffer           | PBS, pH7.2, 0.09% NaN3 and 0.2% (w/v) BSA      |
| Reinheit         | >95%                                           |
| Formel           | PBS pH 7.2, 0.2% BSA (w/v), 0.09% sodium azide |
| Target-Kategorie | CD57                                           |
| Antibody Type    | Primary Antibody                               |
