Product Datasheet

Human Saitohin (STH) ELISA Kit
ASC-KTE60386

Artikelname	Human Saitohin (STH) ELISA Kit
Artikelnummer	ASC-KTE60386
Hersteller Artikelnummer	KTE60386
Alternativnummer	ASC-KTE60386-48, ASC-KTE60386-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Saitohin (STH) ELISA Kit employs a two-site sandwich ELISA to quantitate STH....
Detektionsbereich	Please inquire
Sensitivitaet	Please inquire
Tag	STH
NCBI	246744
UniProt	Q8IWL8
Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung	This Human Saitohin (STH) ELISA Kit employs a two-site sandwich ELISA to quantitate STH in samples. An antibody specific for STH has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and anySTH present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for STH is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of STH bound in the initial step. The color development is stopped and the intensity of the color is measured.
