| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Synthetic peptide derived from the rat alpha1G calcium channel conjugated to KLH                                                                                                                                                                              |
| Produktbeschreibung      | Voltage-sensitive calcium channels (VSCC) mediate the entry of calcium ions into excitable cells and are also involved in a variety of calcium-dependent processes, including muscle contraction, hormone or neurotransmitter release, gene expression, ce... |
| Konzentration            | See vial for concentration                                                                                                                                                                                                                                    |
| Isotyp                   | IgG                                                                                                                                                                                                                                                           |
| UniProt                  | AAH57399                                                                                                                                                                                                                                                      |
| Puffer                   | Provided as solution in phosphate buffered saline with 0.08% sodium azide                                                                                                                                                                                     |

|                        |                                                                                                                            |
|------------------------|----------------------------------------------------------------------------------------------------------------------------|
| Reinheit               | Antigen Immunoaffiinity Purification                                                                                       |
| Formulierung           | Affinity Purified                                                                                                          |
| Formel                 | Provided as solution in phosphate buffered saline with 0.08% sodium azide                                                  |
| Anwendungsbeschreibung | Antibody can be used for Western blotting (1:400 dilution). Optimal concentration should be evaluated by serial dilutions. |
