## Product Datasheet

### **Rabbit anti Porcine L-Lactic dehydrogenase LDH-1 (M4) isozyme, Clone: [Polyclonal], Monoclonal NMB-NE091/PAB**

|                          |                                                                                                                                                                                                                                                               |

| Spezies Reaktivität      | Porcine                                                                                                                                                                                                                                                       |
| Produktbeschreibung      | The reagents were evaluated for potency, purity and specificity using most or all of the following techniques: immunoelectrophoresis, cross-immunoelectrophoresis, single radial immunodiffusion (Ouchterlony), block titration, ELISA, immunoblotting and... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [Polyclonal]                                                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">P00336</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                                                                                                                                                                                 |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Purified hyperimmune rabbit IgG antibodies lyophilised from a solution in phosphate buffered saline (PBS, pH 7.2), stabilized with dextran. No preservative added, as it may interfere with the antibody activity. No foreign protein added. It is reconstitute |
| Quelle                 | Rabbits were immunized with L-Lactic dehydrogenase, LDH-1(H4) isoenzyme, isolated and purified from porcine heart. Freund's complete adjuvant is used in the first step of the immunization procedure.                                                          |
| Reinheit               | Affinity purified antibodies of polyclonal Rabbit antiSerum to L-lactic dehydrogenase, LDH-1(H4) isoenzyme, from porcine heart.                                                                                                                                 |
| Anwendungsbeschreibung | Immunoprecipitation.                                                                                                                                                                                                                                            |
