## Product Datasheet

### Goat IgG anti-Mouse IgG2a (Fc)-Biotin, MinX Hu,Bo,Rb JIM-115-065-206

|                                  |                                                                                                                   |
|----------------------------------|-------------------------------------------------------------------------------------------------------------------|
| Artikelname                      | Goat IgG anti-Mouse IgG2a (Fc)-Biotin, MinX Hu,Bo,Rb                                                              |
| Artikelnummer                    | JIM-115-065-206                                                                                                   |
| Hersteller Artikelnummer         | 115-065-206                                                                                                       |
| Alternativnummer                 | JIM-115-065-206                                                                                                   |
| Hersteller                       | Jackson ImmunoResearch                                                                                            |
| Wirt                             | Goat                                                                                                              |
| Kategorie                        | Antikörper                                                                                                        |
| Spezies Reaktivität              | Mouse                                                                                                             |
| Konjugation                      | Biotin                                                                                                            |
| Format                           | IgG                                                                                                               |
| Spezifität                       | IgG2a (Fc)                                                                                                        |
| Minimale Kreuzreaktivität (MinX) | Human,Bovine,Rabbit                                                                                               |
| Klonalität                       | Polyclonal                                                                                                        |
| Isotyp                           | Whole IgG                                                                                                         |
| Puffer                           | 0.01M Sodium Phosphate, 0.25M NaCl, pH 7.6                                                                        |
| Reinheit                         | The antibody was purified from antisera by immunoaffinity chromatography using antigens coupled to agarose beads. |
| Formulierung                     | Whole IgG                                                                                                         |

| Antibody Type          | Secondary Antibody                                                                                                                                                                                                          |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | 1:20,000 - 1:400,000 for ELISA and Western blotting using enzyme-conjugated streptavidin 1:500 - 1:5,000 for enzyme immunohisto/cytochemistry 1:200 - 1:1,000 for flow cytometry and fluorescence immunohisto/cytochemistry |
