| Artikelname              | Anti-Cas9   CRISPR-associated endonuclease 9 (polyclonal) - Biotin conjugated , Rabbit, Polyclonal                                                                                                                                                            |
| Artikelnummer            | AGR-AS16-3690B                                                                                                                                                                                                                                                |
| Hersteller Artikelnummer | AS16-3690B                                                                                                                                                                                                                                                    |
| Alternativnummer         | AGR-AS16-3690B                                                                                                                                                                                                                                                |
| Hersteller               | Agrisera                                                                                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Bacteria                                                                                                                                                                                                                                                      |
| Immunogen                | KLH-conjugated synthetic peptide derived from Streptococcus thermophilus Cas9/Csn1 protein sequence, UniProt: Q03JI6(peptide sequence is conserved in pYLCRISPR/Cas9Pubi-H vector)                                                                            |
| Konjugation              | biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Cas9 (CRISPR-associated endonuclease 9) is an RNA-guided DNA endonuclease associated with the Clustered Regularly Interspaced Short Palindromic Repeats (CRISPR) type II adaptive immunity system. CRISPR clusters are transcribed and processed into CRIS... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Molekulargewicht         | Depends on the MW of the protein that is the fusion partner.                                                                                                                                                                                                  |
| UniProt                  | <a href="#">Q03JI6</a>                                                                                                                                                                                                                                        |

|                        |                                                                        |
|------------------------|------------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified serum in PBS pH 7.4, conjugated to biotin. |
| Formulierung           | Liquid                                                                 |
| Antibody Type          | Polyclonal Antibody                                                    |
| Application Verdünnung | 1 : 100 (IL), 1 : 1000 (WB)                                            |
