| Wirt                             | Goat                                                                                                                                                                                                                                                          |
| Kategorie                        | Antikörper                                                                                                                                                                                                                                                    |
| Spezies Reaktivität              | Human                                                                                                                                                                                                                                                         |
| Immunogen                        | Purified Human IgE, (epsilon) chain                                                                                                                                                                                                                           |
| Konjugation                      | DyLight 633                                                                                                                                                                                                                                                   |
| Format                           | IgG                                                                                                                                                                                                                                                           |
| Spezifität                       | IgE                                                                                                                                                                                                                                                           |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                                                                                                                                                                                                                           |
| Produktbeschreibung              | This antibody reacts with Human IgE (epsilon chain). IgE evaluation of patients with suspected diseases associated with elevations in total immunoglobulin E (IgE), including allergic disease, primary immunodeficiencies, infections, malignancies, or o... |
| Konzentration                    | 1.0 mg/ml (E 1% at 280 nm = 13.0)                                                                                                                                                                                                                             |

|               |                                                                                          |
|---------------|------------------------------------------------------------------------------------------|
| NCBI          | <a href="#">41757</a>                                                                    |
| UniProt       | AAD41757                                                                                 |
| Puffer        | 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2, 1 % (w/v) BSA, Protease/IgG free |
| Reinheit      | Affinity purified antibody is > 95% based on SDS-PAGE                                    |
| Formulierung  | Lyophilized                                                                              |
| Antibody Type | Secondary Antibody                                                                       |
