## Product Datasheet

### DO-11.10 T cell Receptor Monoclonal Antibody [KJ126.1] - Unconjugated / 50ul, IgG2a, Clone: [KJ1-261], Mouse IMQ-IQ392M

|                          |                                                                                                              |
|--------------------------|--------------------------------------------------------------------------------------------------------------|
| Artikelname              | DO-11.10 T cell Receptor Monoclonal Antibody [KJ126.1] - Unconjugated / 50ul, IgG2a, Clone: [KJ1-261], Mouse |
| Artikelnummer            | IMQ-IQ392M                                                                                                   |
| Hersteller Artikelnummer | IQ392M                                                                                                       |
| Alternativnummer         | IMQ-IQ392M-0.05                                                                                              |
| Hersteller               | ImmuQuest                                                                                                    |
| Wirt                     | Mouse                                                                                                        |
| Kategorie                | Antikörper                                                                                                   |
| Applikation              | ELISA, FC                                                                                                    |
| Spezies Reaktivität      | Mouse                                                                                                        |
| Immunogen                | DO-11.10 T cell hybridoma                                                                                    |
| Produktbeschreibung      | Mouse Anti-DO11.10 T cell Receptor [KJ126.1]...                                                              |
| Klonalität               | Monoclonal                                                                                                   |
| Konzentration            | 1mg/ml                                                                                                       |
| Klon-Bezeichnung         | [KJ1-261]                                                                                                    |
| Isotyp                   | IgG2a                                                                                                        |
| Pubmed                   | <a href=https://pubmed.ncbi.nlm.nih.gov/6601175 target=_blank rel=nofollow>6601175                           |

|                        |                                                                                                 |
|------------------------|-------------------------------------------------------------------------------------------------|
| Puffer                 | Purified antibody (from supernatant) containing PBS 0.1% sodium azide,                          |
| Reinheit               | Protein A                                                                                       |
| Formulierung           | Purified antibody (from supernatant) containing PBS 0.1% sodium azide,                          |
| Target-Kategorie       | DO11.10 T cell Receptor                                                                         |
| Antibody Type          | Monoclonal Antibody                                                                             |
| Application Verdünnung | Optimal antibody dilution should be determined by titration but as a guideline start at 5 ug/ml |
