## Product Datasheet

### IgA Monoclonal Antibody [15D6] - 0.1ml / Unconjugated, IgG1, Mouse IMQ-IQ669

|                          |                                                                    |
|--------------------------|--------------------------------------------------------------------|
| Artikelname              | IgA Monoclonal Antibody [15D6] - 0.1ml / Unconjugated, IgG1, Mouse |
| Artikelnummer            | IMQ-IQ669                                                          |
| Hersteller Artikelnummer | IQ669                                                              |
| Alternativnummer         | IMQ-IQ669-0.1                                                      |
| Hersteller               | ImmuQuest                                                          |
| Wirt                     | Mouse                                                              |
| Kategorie                | Antikörper                                                         |
| Applikation              | ELISA, FC, WB                                                      |
| Spezies Reaktivität      | Human                                                              |
| Immunogen                | Purified Human IgA                                                 |
| Produktbeschreibung      | Human IgA Monoclonal Antibody [15D6]...                            |
| Klonalität               | Monoclonal                                                         |
| Konzentration            | 1mg/ml                                                             |
| Klon-Bezeichnung         | [15D6]                                                             |
| Isotyp                   | IgG1                                                               |

|                        |                                                                                                                              |
|------------------------|------------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P01877</a>                                                                                                       |
| Puffer                 | Purified antibody (from supernatant) containing PBS + 0.1% sodium azide                                                      |
| Reinheit               | Protein A or G purified                                                                                                      |
| Formulierung           | Purified antibody (from supernatant) containing PBS + 0.1% sodium azide                                                      |
| Target-Kategorie       | IgA. Recognises an epitope in the CH2 domain of human IgA.                                                                   |
| Antibody Type          | Monoclonal Antibody                                                                                                          |
| Application Verdünnung | Optimal antibody dilution should be determined by titration, however as a guideline use at WB 0.01µg/ml, Flow Cyt 1:50-1:100 |
