## Product Datasheet

### Sigma 54 Monoclonal Antibody [33.7] - 50ul, Clone: [337], Mouse IMQ-IQ336

|                          |                                                                   |
|--------------------------|-------------------------------------------------------------------|
| Artikelname              | Sigma 54 Monoclonal Antibody [33.7] - 50ul, Clone: [337], Mouse   |
| Artikelnummer            | IMQ-IQ336                                                         |
| Hersteller Artikelnummer | IQ336                                                             |
| Alternativnummer         | IMQ-IQ336-0.05                                                    |
| Hersteller               | ImmuQuest                                                         |
| Wirt                     | Mouse                                                             |
| Kategorie                | Antikörper                                                        |
| Applikation              | ELISA, WB                                                         |
| Spezies Reaktivität      | Bacteria, E. coli                                                 |
| Immunogen                | Bacterially expressed Sigma 54 and purified over a heparin column |
| Produktbeschreibung      | Mouse Anti-Sigma 54 [33.7]...                                     |
| Klonalität               | Monoclonal                                                        |
| Konzentration            | 1mg/ml                                                            |
| Klon-Bezeichnung         | [337]                                                             |
| Puffer                   | Purified antibody containing PBS 0.1% sodium azide                |
| Reinheit                 | Protein G                                                         |
| Formulierung             | Purified antibody containing PBS 0.1% sodium azide                |
| Target-Kategorie         | Sigma 54                                                          |

|                        |                                                                                                                               |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Monoclonal Antibody                                                                                                           |
| Application Verdünnung | Optimal antibody dilution should be determined by titration, however as a guideline try, WB: Use a concentration of 0.5 µg/ml |
