## Product Datasheet

### **Cleaved-IL-1 beta (Asp116) Antibody, Unconjugated, Rabbit, Polyclonal AFB-AF4006**

|                          |                                                                                                                              |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Cleaved-IL-1 beta (Asp116) Antibody, Unconjugated, Rabbit, Polyclonal                                                        |
| Artikelnummer            | AFB-AF4006                                                                                                                   |
| Hersteller Artikelnummer | AF4006                                                                                                                       |
| Alternativnummer         | AFB-AF4006-100,AFB-AF4006-200,AFB-AF4006-50                                                                                  |
| Hersteller               | Affinity Biosciences                                                                                                         |
| Wirt                     | Rabbit                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                   |
| Applikation              | ICC, IF, IHC, WB                                                                                                             |
| Spezies Reaktivität      | Human, Mouse, Rat, Zebrafish                                                                                                 |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human IL1 beta.                                          |
| Konjugation              | Unconjugated                                                                                                                 |
| Klonalität               | Polyclonal                                                                                                                   |
| Reinheit                 | The antiserum was purified by peptide affinity chromatography using SulfoLink(TM) Coupling Resin (Thermo Fisher Scientific). |
| Formulierung             | Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.                           |
| Antibody Type            | Primary Antibody                                                                                                             |

|                        |                                                     |
|------------------------|-----------------------------------------------------|
| Application Verdünnung | WB 1:500-1:2000, IHC 1:50-1:200, IF/ICC 1:100-1:500 |
|------------------------|-----------------------------------------------------|
