## Product Datasheet

### **Proteasome 20S alpha 5 Antibody, Unconjugated, Rabbit, Polyclonal AFB-DF8268**

|                          |                                                                                                                              |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Proteasome 20S alpha 5 Antibody, Unconjugated, Rabbit, Polyclonal                                                            |
| Artikelnummer            | AFB-DF8268                                                                                                                   |
| Hersteller Artikelnummer | DF8268                                                                                                                       |
| Alternativnummer         | AFB-DF8268-100,AFB-DF8268-200                                                                                                |
| Hersteller               | Affinity Biosciences                                                                                                         |
| Wirt                     | Rabbit                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                   |
| Applikation              | WB                                                                                                                           |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                            |
| Immunogen                | A synthesized peptide derived from human Proteasome 20S alpha 5, corresponding to a region within N-terminal amino acids.    |
| Konjugation              | Unconjugated                                                                                                                 |
| Klonalität               | Polyclonal                                                                                                                   |
| Reinheit                 | The antiserum was purified by peptide affinity chromatography using SulfoLink(TM) Coupling Resin (Thermo Fisher Scientific). |
| Formulierung             | Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.                           |
| Antibody Type            | Primary Antibody                                                                                                             |
| Application Verdünnung   | WB 1:1000-3000                                                                                                               |
