| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment of human KRT20 protein (around aa 196-323)<br>(exact sequence is proprietary)                                                                                                                                                            |
| Produktbeschreibung      | This MAb recognizes an intermediate filament protein of 46kDa, identified as cytokeratin 20 (KRT20). KRT20 is abundantly expressed in goblet cells and enterocytes of the gastrointestinal tract. It is a useful marker of pancreatic and colorectal cance... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [KRT20/4879R]                                                                                                                                                                                                                                                 |
| Molekulargewicht         | 46kDa                                                                                                                                                                                                                                                         |

|                        |                                                                                                                                                                                                                                                                |
