| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                             |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                     |
| Applikation              | IHC                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                          |
| Immunogen                | Recombinant fragment (around aa 39-108) of human STAR protein (exact sequence is proprietary)                                                                                                                                                                  |
| Produktbeschreibung      | Steroidogenic Acute Regulatory Protein (STAR) controls the rate-limiting step of steroidogenesis by translocating cholesterol from the outer mitochondrial membrane to the inner membrane where it is later cleaved to pregnenolone. It is primarily presen... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                     |
| Klon-Bezeichnung         | [STAR/3915R]                                                                                                                                                                                                                                                   |
| Molekulargewicht         | 30kDa                                                                                                                                                                                                                                                          |

|                        |                                                                                                                                                                                                                                                             |
