| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment (around aa600-700) of human Villin protein<br>(exact sequence is proprietary)                                                                                                                                                            |
| Produktbeschreibung      | Recognizes a protein of 95kDa, which is identified as villin. It is a major constituent in the microvilli, which compose the brush border of epithelial cells forming absorptive surfaces of the intestinal and renal proximal tubular epithelia. Anti-Vil... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [VIL1/8105R]                                                                                                                                                                                                                                                  |
| Molekulargewicht         | 93kDa                                                                                                                                                                                                                                                         |

|                        |                                                                                                                                                                                                                                                               |
