| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment corresponding to N-terminal of human CD2 protein (exact sequence is proprietary)                                                                                                                                                         |
| Produktbeschreibung      | CD2 is mainly present on the surface of mature T cells and NK cell membranes, while B cells are usually not expressed. It can be used to label the diagnosis and study of normal T cells and their associated tumors, such as pre-t cell lymphoma, margina... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [LFA2/3417R]                                                                                                                                                                                                                                                  |
| Molekulargewicht         | 39kDa                                                                                                                                                                                                                                                         |

|                        |                                                                                                                                                                                                                                                                |
