| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment corresponding to the v4 domain of human CD44                                                                                                                                                                                             |
| Produktbeschreibung      | This antibody recognizes an epitope encoded by exon v4 on the variant portion of human CD44. The CD44 molecule belongs to a family of cellular adhesion molecules found on a wide range of normal and malignant cells in epithelial, mesothelial and hemop... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CD44v4/1700R]                                                                                                                                                                                                                                                |
| Molekulargewicht         | 80-95kDa                                                                                                                                                                                                                                                      |

|                        |                                                                                                                                                                                                                                                               |
