| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant human full-length CD63 protein                                                                                                                                                                                                                    |
| Produktbeschreibung      | This MAb recognizes protein of 26kDa-60kDa, which is identified as CD63. Its epitope is different from that of MAb LAMP3/529. The tetraspanins are integral membrane proteins expressed on cell surface and granular membranes of hematopoietic cells and ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [LAMP3/968]                                                                                                                                                                                                                                                   |
| Molekulargewicht         | 26kDa (core protein), 30-60kDa (glycosylated)                                                                                                                                                                                                                 |
| Isotyp                   | IgG2a                                                                                                                                                                                                                                                         |

|                        |                                                                                                                                                                                                                                                               |
