### Acetyl Cholinesterase Antibody, Goat, Polyclonal ROC-100-101-232

|                          |                                                            |
|--------------------------|------------------------------------------------------------|
| Artikelname              | Acetyl Cholinesterase Antibody, Goat, Polyclonal           |
| Artikelnummer            | ROC-100-101-232                                            |
| Hersteller Artikelnummer | 100-101-232                                                |
| Alternativnummer         | ROC-100-101-232                                            |
| Hersteller               | Rockland Immunochemicals                                   |
| Wirt                     | Goat                                                       |
| Kategorie                | Antikörper                                                 |
| Spezies Reaktivität      | Bovine                                                     |
| Immunogen                | Acetyl Cholinesterase [Bovine Erythrocytes]                |
| Konjugation              | Unconjugated                                               |
| Klonalität               | Polyclonal                                                 |
| Konzentration            | 90 mg/mL by Refractometry                                  |
| NCBI                     | <a href="#">540446</a>                                     |
| UniProt                  | <a href="#">P23795</a>                                     |
| Puffer                   | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |
| Formulierung             | Lyophilized                                                |
| Target-Kategorie         | Bovine                                                     |
| Antibody Type            | Primary Antibody                                           |

|                        |                                                                                                                                                                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | ELISA: 1:5,000 - 1:20,000, IP: 1:100, WB: 1:500 - 1:5,000                                                                                                                                                                                                    |
| Anwendungsbeschreibung | This product has been assayed against 1.0 µg of Acetyl Cholinesterase [Bovine Erythrocytes] in a standard ELISA using Peroxidase conjugated Affinity Purified anti-Goat IgG [H&L] (Goat) code 611-1302 and (ABTS (2,2-azino-bis-[3-ethylbenthiazoline-6-sulf |
