## Product Datasheet

### **Rabbit Antiserum anti-Cat IgM ( $\mu$ )-unconj., MinX none ROC-102-4107**

|                                  |                                                            |
|----------------------------------|------------------------------------------------------------|
| Artikelname                      | Rabbit Antiserum anti-Cat IgM ( $\mu$ )-unconj., MinX none |
| Artikelnummer                    | ROC-102-4107                                               |
| Hersteller Artikelnummer         | 102-4107                                                   |
| Alternativnummer                 | ROC-102-4107                                               |
| Hersteller                       | Rockland Immunochemicals                                   |
| Wirt                             | Rabbit                                                     |
| Kategorie                        | Antikörper                                                 |
| Applikation                      | ELISA,IHC,WB                                               |
| Spezies Reaktivität              | Feline                                                     |
| Immunogen                        | Cat IgM mu heavy chain                                     |
| Konjugation                      | Unconjugated                                               |
| Format                           | Antiserum                                                  |
| Spezifität                       | IgM ( $\mu$ )                                              |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                        |
| Klonalität                       | Polyclonal                                                 |
| Konzentration                    | 60 mg/mL by Refractometry                                  |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                    |
| Target-Kategorie       | Cat                                                                                                                                                                                                                                                            |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Verdünnung | ELISA: 1:20,000 - 1:100,000, IHC: 1:1,000 - 1:5,000, WB: 1:2,000 - 1:10,000                                                                                                                                                                                    |
| Anwendungsbeschreibung | This product is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex analysis, including multicolor imaging, utilizing various commercial platfor |
