## Product Datasheet

### **Biotin Antibody Texas Red(TM) Conjugated, Rabbit, Polyclonal ROC-200-4998**

|                          |                                                              |
|--------------------------|--------------------------------------------------------------|
| Artikelname              | Biotin Antibody Texas Red(TM) Conjugated, Rabbit, Polyclonal |
| Artikelnummer            | ROC-200-4998                                                 |
| Hersteller Artikelnummer | 200-4998                                                     |
| Alternativnummer         | ROC-200-4998                                                 |
| Hersteller               | Rockland Immunochemicals                                     |
| Wirt                     | Rabbit                                                       |
| Kategorie                | Antikörper                                                   |
| Applikation              | WB                                                           |
| Immunogen                | Biotin conjugated to Keyhole Limpet Hemocyanin (KLH)         |
| Konjugation              | Texas Red                                                    |
| Klonalität               | Polyclonal                                                   |
| Konzentration            | 10 mg/ml by UV absorbance at 280 nm                          |
| Puffer                   | 0.01 M Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2      |
| Formulierung             | Lyophilized                                                  |
| Antibody Type            | Primary Antibody                                             |
| Application Verdünnung   | Flow Cytometry: User Optimized, IF Microscopy: 1:500-1:2,500 |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Anti-Biotin Antibody Texas Red Conjugate has been tested by western blot. This product is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex an |
