## Product Datasheet

### Goat IgG anti-Human IgG (Fc)-HRPO, MinX none ROC-209-1303

|                                  |                                                            |
|----------------------------------|------------------------------------------------------------|
| Artikelname                      | Goat IgG anti-Human IgG (Fc)-HRPO, MinX none               |
| Artikelnummer                    | ROC-209-1303                                               |
| Hersteller Artikelnummer         | 209-1303                                                   |
| Alternativnummer                 | ROC-209-1303                                               |
| Hersteller                       | Rockland Immunochemicals                                   |
| Wirt                             | Goat                                                       |
| Kategorie                        | Antikörper                                                 |
| Applikation                      | ELISA,IHC,WB                                               |
| Spezies Reaktivität              | Human                                                      |
| Immunogen                        | Human IgG F(c) fragment                                    |
| Konjugation                      | HRPO                                                       |
| Format                           | IgG                                                        |
| Spezifität                       | IgG (Fc)                                                   |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                        |
| Klonalität                       | Polyclonal                                                 |
| Konzentration                    | 10.0 mg/mL by UV absorbance at 280 nm                      |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                    |
| Target-Kategorie       | Human                                                                                                                                                                                                                                                          |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Verdünnung | ELISA: 1:10,000 - 1:50,000, IHC: 1:500 - 1:2,500, WB: 1:1,000 - 1:10,000                                                                                                                                                                                       |
| Anwendungsbeschreibung | Anti-Human IgG F(c) Peroxidase Conjugated is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex analysis, including multicolor imaging, utilizi |
