### Rabbit IgG anti-Goat IgG (Fc)-unconj., MinX none ROC-605-4103

|                                  |                                                            |
|----------------------------------|------------------------------------------------------------|
| Artikelname                      | Rabbit IgG anti-Goat IgG (Fc)-unconj., MinX none           |
| Artikelnummer                    | ROC-605-4103                                               |
| Hersteller Artikelnummer         | 605-4103                                                   |
| Alternativnummer                 | ROC-605-4103                                               |
| Hersteller                       | Rockland Immunochemicals                                   |
| Wirt                             | Rabbit                                                     |
| Kategorie                        | Antikörper                                                 |
| Applikation                      | ELISA,IHC,WB                                               |
| Spezies Reaktivität              | Goat                                                       |
| Immunogen                        | Goat IgG F(c) fragment                                     |
| Konjugation                      | Unconjugated                                               |
| Format                           | IgG                                                        |
| Spezifität                       | IgG (Fc)                                                   |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                        |
| Klonalität                       | Polyclonal                                                 |
| Konzentration                    | 2.0 mg/mL by UV absorbance at 280 nm                       |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                        |                                                                                                                                                                           |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid (sterile filtered)                                                                                                                                                 |
| Target-Kategorie       | Goat                                                                                                                                                                      |
| Antibody Type          | Secondary Antibody                                                                                                                                                        |
| Application Verdünnung | ELISA: 1:20,000 - 1:100,000, IHC: 1:1,000 - 1:5,000, WB: 1:2,000 - 1:10,000                                                                                               |
| Anwendungsbeschreibung | Anti-Goat IgG F(c) antibody has been tested by ELISA and is suitable for western blot and immunohistochemistry, as well as other assays requiring lot-to-lot consistency. |
