## Product Datasheet

### **Rabbit IgG anti-Hamster (all) IgG (F(ab)2)-Biotin, MinX none ROC-607-4604**

|                                  |                                                              |
|----------------------------------|--------------------------------------------------------------|
| Artikelname                      | Rabbit IgG anti-Hamster (all) IgG (F(ab)2)-Biotin, MinX none |
| Artikelnummer                    | ROC-607-4604                                                 |
| Hersteller Artikelnummer         | 607-4604                                                     |
| Alternativnummer                 | ROC-607-4604                                                 |
| Hersteller                       | Rockland Immunochemicals                                     |
| Wirt                             | Rabbit                                                       |
| Kategorie                        | Antikörper                                                   |
| Applikation                      | ELISA,IHC,WB                                                 |
| Spezies Reaktivität              | Hamster (all)                                                |
| Immunogen                        | Hamster IgG F(ab)2 fragment                                  |
| Konjugation                      | Biotin                                                       |
| Format                           | IgG                                                          |
| Spezifität                       | IgG (F(ab')2)                                                |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                          |
| Klonalität                       | Polyclonal                                                   |
| Konzentration                    | 1.0 mg/mL by UV absorbance at 280 nm                         |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2   |

|                        |                                                                                                                                                                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                |
| Target-Kategorie       | Golden Syrian Hamster                                                                                                                                                                                                                                      |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                         |
| Application Verdünnung | ELISA: 1:20,000 - 1:100,000, IHC: 1:1,000 - 1:5,000, WB: 1:2,000 - 1:10,000                                                                                                                                                                                |
| Anwendungsbeschreibung | This product has been assayed against 1.0 ug of Hamster IgG in a standard capture ELISA using Peroxidase Conjugated Streptavidin S000-03 and ABTS (2,2-azino-bis-[3-ethylbenthiazoline-6-sulfonic acid]) code ABTS-100 as a substrate for 30 minutes at ro |
