### Rabbit IgG anti-Mouse IgG (Fc)-Biotin, MinX none ROC-610-4603

|                                  |                                                            |
|----------------------------------|------------------------------------------------------------|
| Artikelname                      | Rabbit IgG anti-Mouse IgG (Fc)-Biotin, MinX none           |
| Artikelnummer                    | ROC-610-4603                                               |
| Hersteller Artikelnummer         | 610-4603                                                   |
| Alternativnummer                 | ROC-610-4603                                               |
| Hersteller                       | Rockland Immunochemicals                                   |
| Wirt                             | Rabbit                                                     |
| Kategorie                        | Antikörper                                                 |
| Applikation                      | ELISA,IHC,WB                                               |
| Spezies Reaktivität              | Mouse                                                      |
| Immunogen                        | Mouse IgG F(c) fragment                                    |
| Konjugation                      | Biotin                                                     |
| Format                           | IgG                                                        |
| Spezifität                       | IgG (Fc)                                                   |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                        |
| Klonalität                       | Polyclonal                                                 |
| Konzentration                    | 1.5 mg/mL by UV absorbance at 280 nm                       |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                        |                                                                                                                                                                                                                                          |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                                              |
| Target-Kategorie       | Mouse                                                                                                                                                                                                                                    |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                       |
| Application Verdünnung | ELISA: 1:2,000 - 1:20,000, IHC: 1:1,000 - 1:5,000, WB: 1:2,000 - 1:10,000                                                                                                                                                                |
| Anwendungsbeschreibung | Anti-MOUSE IgG F(c) (RABBIT) Antibody is suitable for immunoblotting (western or dot blot), ELISA, immunoelectron microscopy and immunohistochemistry as well as other antibody based enzymatic assays requiring lot-to-lot consistency. |
