| Artikelname                      | Rabbit F(ab)2 anti-Chicken IgG (H+L)-Alk. Phos., MinX none, ALP, Polyclonal , AP |
| Artikelnummer                    | ROC-703-405-002                                                                  |
| Hersteller Artikelnummer         | 703-405-002                                                                      |
| Alternativnummer                 | ROC-703-405-002                                                                  |
| Hersteller                       | Rockland Immunochemicals                                                         |
| Wirt                             | Rabbit                                                                           |
| Kategorie                        | Antikörper                                                                       |
| Applikation                      | ELISA,IHC,WB                                                                     |
| Spezies Reaktivität              | Gallus                                                                           |
| Immunogen                        | Chicken IgG whole molecule                                                       |
| Konjugation                      | Alk. Phos.                                                                       |
| Format                           | F(ab')2                                                                          |
| Spezifität                       | IgG (H+L)                                                                        |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                                              |
| Klonalität                       | Polyclonal                                                                       |
| Konzentration                    | 0.5 mg/mL by UV absorbance at 280 nm                                             |

|                        |                                                                                                                                                                                                                                      |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | 0.05 M Tris Chloride, 0.15M Sodium Chloride, 0.001M Magnesium Chloride, 0.0001M Zinc Chloride, 50% (v/v) Glycerol, pH 8.0                                                                                                            |
| Formulierung           | Liquid (sterile filtered)                                                                                                                                                                                                            |
| Target-Kategorie       | Chicken                                                                                                                                                                                                                              |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                   |
| Application Verdünnung | ELISA: 1:4,500, IHC: 1:200 - 1:1,000, WB: 1:500 - 1:2,500                                                                                                                                                                            |
| Anwendungsbeschreibung | F(ab)2 Chicken IgG (H&L) antibody is suitable for immunoblotting (western or dot blot), ELISA, immunoelectron microscopy and immunohistochemistry as well as other antibody based enzymatic assays requiring lot-to-lot consistency. |
