## Product Datasheet

### Rabbit Fab anti-Hamster (all) IgG (H+L)-HRPO, MinX none ROC-807-4302

|                                  |                                                            |
|----------------------------------|------------------------------------------------------------|
| Artikelname                      | Rabbit Fab anti-Hamster (all) IgG (H+L)-HRPO, MinX none    |
| Artikelnummer                    | ROC-807-4302                                               |
| Hersteller Artikelnummer         | 807-4302                                                   |
| Alternativnummer                 | ROC-807-4302                                               |
| Hersteller                       | Rockland Immunochemicals                                   |
| Wirt                             | Rabbit                                                     |
| Kategorie                        | Antikörper                                                 |
| Applikation                      | ELISA,IHC,WB                                               |
| Spezies Reaktivität              | Hamster (all)                                              |
| Immunogen                        | Golden Syrian Hamster IgG whole molecule                   |
| Konjugation                      | HRPO                                                       |
| Format                           | Fab                                                        |
| Spezifität                       | IgG (H+L)                                                  |
| Minimale Kreuzreaktivität (MinX) | no cross-adsorbtion                                        |
| Klonalität                       | Polyclonal                                                 |
| Konzentration                    | 1.0 mg/mL by UV absorbance at 280 nm                       |
| Puffer                           | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                    |
| Target-Kategorie       | Golden Syrian Hamster                                                                                                                                                                                                                                          |
| Antibody Type          | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Verdünnung | ELISA: 1:3,000 - 1:12,000, IHC: 1:500 - 1:2,500, WB: 1:300 - 1:1,200                                                                                                                                                                                           |
| Anwendungsbeschreibung | Suitable for immunoblotting (western or dot blot), ELISA, immunoperoxidase electron microscopy and immunohistochemistry as well as other peroxidase-antibody based enzymatic assays requiring extremely low background levels, absence of F(c) mediated bindin |
