| Hersteller               | Rockland Immunochemicals                                                                                                                                                                                                                                       |
| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                    |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                   |
| Konzentration            | 1.0 mg/mL by UV absorbance at 280 nm                                                                                                                                                                                                                           |
| Formulierung             | Liquid (sterile filtered)                                                                                                                                                                                                                                      |
| Application Verdünnung   | ELISA: 1:5,000 - 1:25,000, WB: 1:500 - 1:3,000                                                                                                                                                                                                                 |
| Anwendungsbeschreibung   | Each kit contains one unit of the following products: (100 µL) p/n 100-401-191 Anti-RFX5 (C-terminal) (RABBIT) Antibody (100 µL) p/n 100-401-194 Anti-RFX5 (aa 320 to 494) (RABBIT) Antibody (100 µL) p/n 100-401-193 Anti-RFX5 (N-terminal) (RABBIT) Antibody |
