| Produktbeschreibung      | CYP51 antibody LS-C334588 is an unconjugated rabbit polyclonal antibody to CYP51 (CYP51A1) from human. It is reactive with human, mouse and rat. Validated for IF, IHC and WB....                                                                                            |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                                   |

|                        |                                                                                   |
|------------------------|-----------------------------------------------------------------------------------|
| Konzentration          | 3.52 mg/ml                                                                        |
| NCBI                   | <a href="#">1595</a>                                                              |
| Puffer                 | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Reinheit               | Affinity purified                                                                 |
| Formulierung           | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Application Verdünnung | IF (1:20 - 1:100), IHC (1:50 - 1:200), WB (1:500 - 1:2000)                        |
| Anwendungsbeschreibung | The predicted MW is 46kDa/56kDa, while the observed MW by Western blot was 63kDa. |
