| Alternativnummer         | LS-B4424-50                                                                                                                                                                      |
| Hersteller               | LifeSpan Biosciences                                                                                                                                                             |
| Wirt                     | Mouse                                                                                                                                                                            |
| Kategorie                | Antikörper                                                                                                                                                                       |
| Applikation              | ELISA, IF, IHC, IHC-P, WB                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                            |
| Immunogen                | STIM1 (AAH21300, 24 aa ~ 686 aa) full length recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.                                                                |
| Konjugation              | Unconjugated                                                                                                                                                                     |
| Produktbeschreibung      | STIM1 antibody LS-B4424 is an unconjugated mouse monoclonal antibody to human STIM1 (GOK). Validated for ELISA, IF, IHC and WB. Tested on 20 paraffin-embedded human tissues.... |
| Klonalität               | Monoclonal                                                                                                                                                                       |
| Konzentration            | 1 mg/ml                                                                                                                                                                          |
| Klon-Bezeichnung         | [5A2]                                                                                                                                                                            |

|                        |                                                                                                                                                                       |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI                   | <a href="#">6786</a>                                                                                                                                                  |
| Puffer                 | PBS, pH 7.4                                                                                                                                                           |
| Reinheit               | Purified from ascites by Protein A                                                                                                                                    |
| Formulierung           | PBS, pH 7.4                                                                                                                                                           |
| Application Verdünnung | ELISA, IF (10 µg/ml), IHC, IHC-P (5 µg/ml), WB (1:500 - 1:1000)                                                                                                       |
| Anwendungsbeschreibung | Western Blot (Tissue lysate) - positive control human liver.<br>Immunofluorescence (10 ug/ml) - positive control HeLa cells.<br>Sandwich ELISA (Recombinant protein). |
