| Hersteller               | LifeSpan Biosciences                                                                                                                                                                                             |
| Wirt                     | Rabbit                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                       |
| Applikation              | ICC, IF, IHC, IHC-P, WB                                                                                                                                                                                          |
| Spezies Reaktivität      | Bovine, Human                                                                                                                                                                                                    |
| Immunogen                | Full length human RPS3A Recombinant protein.                                                                                                                                                                     |
| Konjugation              | Unconjugated                                                                                                                                                                                                     |
| Produktbeschreibung      | Ribosomal Protein S3A antibody LS-C155324 is an unconjugated rabbit polyclonal antibody to Ribosomal Protein S3A (RPS3A) from human. It is reactive with human and bovine. Validated for ICC, IF, IHC and WB.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                       |
| Konzentration            | 0.73 mg/ml                                                                                                                                                                                                       |
| NCBI                     | <a href="#">6189</a>                                                                                                                                                                                             |

|                        |                                                                                                                                                                                                                                                 |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | 1X PBS, pH 7, 0.01% Thimerosal, 20% Glycerol, 1% BSA                                                                                                                                                                                            |
| Reinheit               | Immunoaffinity purified                                                                                                                                                                                                                         |
| Formulierung           | 1X PBS, pH 7, 0.01% Thimerosal, 20% Glycerol, 1% BSA                                                                                                                                                                                            |
| Application Verdünnung | ICC (1:100 - 1:1000), IF (1:100 - 1:1000), IHC, IHC-P (1:100 - 1:1000), WB (1:500 - 1:3000)                                                                                                                                                     |
| Anwendungsbeschreibung | Suggested starting dilutions are as follows: Western blot: 1:500-1:3000, IHC-Paraffin: 1:100-1:1000, ICC/IF: 1:100-1:1000. Not yet tested in other applications. Optimal working dilutions should be determined experimentally by the end user. |
