| Alternativnummer         | LS-C813978-50                                                                                                          |
| Hersteller               | LifeSpan Biosciences                                                                                                   |
| Wirt                     | Mouse                                                                                                                  |
| Kategorie                | Antikörper                                                                                                             |
| Applikation              | ELISA, IHC, WB                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                  |
| Immunogen                | Purified recombinant fragment of Hck expressed in E. Coli.                                                             |
| Konjugation              | Unconjugated                                                                                                           |
| Produktbeschreibung      | HCK antibody LS-C813978 is an unconjugated mouse monoclonal antibody to human HCK. Validated for ELISA, IHC and WB.... |
| Klonalität               | Monoclonal                                                                                                             |
| Isotyp                   | IgG1                                                                                                                   |
| NCBI                     | <a href="#">3055</a>                                                                                                   |
| Puffer                   | Purified ascitic fluid, 0.03% sodium azide                                                                             |
| Reinheit                 | Immunogen affinity purified                                                                                            |

|                        |                                                            |
|------------------------|------------------------------------------------------------|
| Formulierung           | Purified ascitic fluid, 0.03% sodium azide                 |
| Application Verdünnung | ELISA (1:10000), IHC (1:200 - 1:1000), WB (1:500 - 1:2000) |
| Anwendungsbeschreibung | Applications should be user optimized.                     |
