### Rat IL1R1 Protein (Recombinant His, N-Terminal) - LS-G132793 LS-G132793-50

|                          |                                                                                                                                                               |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Rat IL1R1 Protein (Recombinant His, N-Terminal) - LS-G132793                                                                                                  |
| Artikelnummer            | LS-G132793-50                                                                                                                                                 |
| Hersteller Artikelnummer | LS-G132793-50                                                                                                                                                 |
| Alternativnummer         | LS-G132793-50                                                                                                                                                 |
| Hersteller               | LifeSpan Biosciences                                                                                                                                          |
| Kategorie                | Proteine/Peptide                                                                                                                                              |
| Produktbeschreibung      | IL1R1 (Interleukin 1 Receptor Type I), also known as CD121a, is an important mediator involved in many cytokine induced immune and inflammatory responses.... |
| Molekulargewicht         | 21kDa                                                                                                                                                         |
| Tag                      | His, N-Terminal                                                                                                                                               |
| NCBI                     | <a href="#">3554</a>                                                                                                                                          |
| Quelle                   | E. coli                                                                                                                                                       |
| Reinheit                 | Greater than 97%                                                                                                                                              |
| Formulierung             | Lyophilized from 20mM Tris, 150mM NaCl, pH8.0, 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose, Proclin300.                                                        |
