| Alternativnummer         | LS-G132850-100                                                                                                                                                                     |
| Hersteller               | LifeSpan Biosciences                                                                                                                                                               |
| Kategorie                | Proteine/Peptide                                                                                                                                                                   |
| Produktbeschreibung      | TF (Tissue factor) also known for platelet tissue factor, factor III, thromboplastin, or CD142, is a cell surface glycoprotein present in subendothelial tissue and leukocytes.... |
| Molekulargewicht         | 29kDa                                                                                                                                                                              |
| Tag                      | His, N-Terminal                                                                                                                                                                    |
| NCBI                     | <a href="#">2152</a>                                                                                                                                                               |
| Quelle                   | E. coli                                                                                                                                                                            |
| Reinheit                 | Greater than 95%                                                                                                                                                                   |
| Formulierung             | Lyophilized from 20mM Tris, 150mM NaCl, pH8.0, 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose, Proclin300.                                                                             |
