| Artikelname              | Rat VEGFA / VEGF Protein (Recombinant His, N-Terminal) - LS-G133758                                                                                                                                                |
| Artikelnummer            | LS-G133758-100                                                                                                                                                                                                     |
| Hersteller Artikelnummer | LS-G133758-100                                                                                                                                                                                                     |
| Alternativnummer         | LS-G133758-100                                                                                                                                                                                                     |
| Hersteller               | LifeSpan Biosciences                                                                                                                                                                                               |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                   |
| Produktbeschreibung      | Vascular endothelial growth factor A (VEGF-A), a glycosylated mitogen, is known to be a vascular permeability factor and an endothelial cell growth factor secreted by the smooth muscle and endothelial cells.... |
| Molekulargewicht         | 22kDa                                                                                                                                                                                                              |
| Tag                      | His, N-Terminal                                                                                                                                                                                                    |
| NCBI                     | <a href="#">7422</a>                                                                                                                                                                                               |
| Quelle                   | Human                                                                                                                                                                                                              |
| Reinheit                 | Greater than 97%                                                                                                                                                                                                   |
| Formulierung             | Lyophilized from PBS, pH7.4, 0.01% SKL, 1mM DTT, 5% Trehalose, Proclin300.                                                                                                                                         |
