| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant fragment (around aa200-357) of human GPRC5A protein (exact sequence is proprietary)                                                                                                                                                               |
| Produktbeschreibung      | Retinoic acid-induced protein 3 (RAI3) is an transmembrane G protein-coupled receptor that affects many essential biological processes including embryogenesis, cell growth, differentiation, and apoptosis. RAI3 may also be involved in maintaining home... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [GPRC5A/7893]                                                                                                                                                                                                                                                 |
| Molekulargewicht         | 32kDa                                                                                                                                                                                                                                                         |

|              |                                                                                                                                                                        |
