| Applikation              | IHC, WB                                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                                    |
| Immunogen                | Recombinant fragment (around aa 59-178) of human CD48 protein<br>(exact sequence is proprietary)                                                                                                                                                                         |
| Produktbeschreibung      | Reacts with human CD48, a 45kDa glycosyl phosphatidyl-inositol (GPI)-<br>anchored cell surface protein. CD48 is strongly expressed on<br>lymphocytes and monocytes and weakly on granulocytes but is<br>absent on platelets, fibroblasts, epithelium and endothelium.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                               |
| Klon-Bezeichnung         | [CD48/4783]                                                                                                                                                                                                                                                              |
| Molekulargewicht         | 45kDa                                                                                                                                                                                                                                                                    |

|              |                                                                                                                                                                        |
