| Hersteller               | Biomatik Corporation                                                                                                                                                                                                                                          |
| Wirt                     | E. coli                                                                                                                                                                                                                                                       |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | Control, SDS-PAGE, WB                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Canine                                                                                                                                                                                                                                                        |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Recombinant Dog Parathyroid Hormone Related Protein (PTHrP) is a purified Prokaryotic Protein. Purity: >95% by SDS-PAGE. Host: E. coli. Endotoxin Level: <1.0EU per 1ug, by the LAL method. Species: Dog (Canis familiaris, Canine). Target Name: Parathyr... |
| Molekulargewicht         | 26kDa                                                                                                                                                                                                                                                         |
| Tag                      | N-Terminal His Tag                                                                                                                                                                                                                                            |
| Puffer                   | PBS, pH7.4, containing 0.01% SKL, 5% Trehalose.                                                                                                                                                                                                               |
| Expression System        | Prokaryotic Expression                                                                                                                                                                                                                                        |

|                  |                                             |
|------------------|---------------------------------------------|
| Reinheit         | >95% by SDS-PAGE                            |
| Formulierung     | Freeze-dried powder                         |
| Target-Kategorie | Parathyroid Hormone Related Protein (PTHrP) |
