| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | Control, SDS-PAGE, WB                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                         |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Recombinant Mouse Cytochrome P450 11B1 (CYP11B1) is a purified Prokaryotic Protein. Purity: >80% by SDS-PAGE. Host: E. coli. Endotoxin Level: <1.0EU per 1ug, by the LAL method. Species: Mouse (Mus musculus). Target Name: Cytochrome P450 11B1 (CYP11B1... |
| Molekulargewicht         | 71kDa                                                                                                                                                                                                                                                         |
| Tag                      | Two N-Terminal Tags, His-tag and SUMO-tag                                                                                                                                                                                                                     |
| NCBI                     | <a href="#">110115</a>                                                                                                                                                                                                                                        |

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Puffer            | PBS, pH7.4, containing 0.01% SKL, 5% Trehalose. |
| Expression System | Prokaryotic Expression                          |
| Reinheit          | >80% by SDS-PAGE                                |
| Formulierung      | Freeze-dried powder                             |
| Target-Kategorie  | Cytochrome P450 11B1 (CYP11B1)                  |
