## Product Datasheet

### Anti-FADD mAb, IgG1, Clone: [1F7], Unconjugated, Mouse, Monoclonal MBL-M033-3

|                          |                                                                    |
|--------------------------|--------------------------------------------------------------------|
| Artikelname              | Anti-FADD mAb, IgG1, Clone: [1F7], Unconjugated, Mouse, Monoclonal |
| Artikelnummer            | MBL-M033-3                                                         |
| Hersteller Artikelnummer | M033-3                                                             |
| Alternativnummer         | MBL-M033-3                                                         |
| Hersteller               | MBL                                                                |
| Wirt                     | Mouse                                                              |
| Kategorie                | Antikörper                                                         |
| Applikation              | IP, WB                                                             |
| Spezies Reaktivität      | Human, Mouse                                                       |
| Immunogen                | Recombinant Human FADD full-length (1-208 a.a.)                    |
| Konjugation              | Unconjugated                                                       |
| Produktbeschreibung      | Anti-FADD (Human) mAb, IgG1, Clone: [1F7], Mouse, Monoclonal...    |
| Klonalität               | Monoclonal                                                         |
| Konzentration            | 1 mg/mL                                                            |
| Klon-Bezeichnung         | [1F7]                                                              |
| Isotyp                   | IgG1                                                               |
| NCBI                     | <a href="#">8772</a>                                               |

|                        |                                                                                                                                                                                                                                                               |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | 1 mg/mL in PBS/50% glycerol, pH 7.2                                                                                                                                                                                                                           |
| Quelle                 | This antibody was purified from hybridoma (clone 1F7) supernatant using protein A agarose. This hybridoma was established by fusion of mouse myeloma cell P3U1 with Balb/c mouse splenocyte immunized with the recombinant full-length human FADD (1-208 aa). |
| Target-Kategorie       | FADD                                                                                                                                                                                                                                                          |
| Application Verdünnung | WB: 1 µg/mL (chemiluminescence detection system)                                                                                                                                                                                                              |
