## Product Datasheet

### Anti-Hsp40 mAb, IgG2a, Clone: [2E1], Unconjugated, Mouse, Monoclonal MBL-M039-3

|                          |                                                                      |
|--------------------------|----------------------------------------------------------------------|
| Artikelname              | Anti-Hsp40 mAb, IgG2a, Clone: [2E1], Unconjugated, Mouse, Monoclonal |
| Artikelnummer            | MBL-M039-3                                                           |
| Hersteller Artikelnummer | M039-3                                                               |
| Alternativnummer         | MBL-M039-3                                                           |
| Hersteller               | MBL                                                                  |
| Wirt                     | Mouse                                                                |
| Kategorie                | Antikörper                                                           |
| Applikation              | IP, WB                                                               |
| Spezies Reaktivität      | Human, Mouse, Rat                                                    |
| Immunogen                | Human full length Hsp40 (1-340 a.a.)                                 |
| Konjugation              | Unconjugated                                                         |
| Produktbeschreibung      | Anti-Hsp40 (Human) mAb, IgG2a, Clone: [2E1], Mouse, Monoclonal...    |
| Klonalität               | Monoclonal                                                           |
| Konzentration            | 1 mg/mL                                                              |
| Klon-Bezeichnung         | [2E1]                                                                |
| Isotyp                   | IgG2a                                                                |
| NCBI                     | <a href="#">3337</a>                                                 |

|                        |                                                                                                                                                                                                                                        |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | 1 mg/mL in PBS/50% glycerol, pH 7.2                                                                                                                                                                                                    |
| Quelle                 | This antibody was purified from mouse ascites fluid using protein A agarose. This hybridoma (clone 2E1) was established by fusion of mouse myeloma cell P3U1 with Balb/c splenocyte immunized with full-length human HSP40 (1-340 aa). |
| Target-Kategorie       | HSP40                                                                                                                                                                                                                                  |
| Application Verdünnung | WB: 1-2 µg/mL (chemiluminescence detection system). IP: 2-5 µg/200 µL of cell extract from 5 x 10 <sup>6</sup> cells                                                                                                                   |
