## Product Datasheet

### **Histone H2B type 1-B (acetyl K20) recombinant monoclonal antibody, clone 21F11, Clone: [21F11], Monoclonal ABN-RAB04207**

|                          |                                                                                                                                         |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Histone H2B type 1-B (acetyl K20) recombinant monoclonal antibody, clone 21F11, Clone: [21F11], Monoclonal                              |
| Artikelnummer            | ABN-RAB04207                                                                                                                            |
| Hersteller Artikelnummer | RAB04207                                                                                                                                |
| Alternativnummer         | ABN-RAB04207-100                                                                                                                        |
| Hersteller               | Abnova                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                              |
| Applikation              | ELISA, FC, ICC, IF, WB                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                   |
| Immunogen                | Original antibody is raised against a synthetic acetyl peptide corresponding to residues surrounding K20 of human histone H2B type 1-B. |
| Produktbeschreibung      | Rabbit recombinant monoclonal antibody raised against human Histone H2B type 1-B....                                                    |
| Klonalität               | Monoclonal                                                                                                                              |
| Klon-Bezeichnung         | [21F11]                                                                                                                                 |
| UniProt                  | 3018                                                                                                                                    |
| Puffer                   | In PBS, pH7.4 (150mM NaCl, 50% glycerol and 0.02% sodium azide)                                                                         |
| Formulierung             | Liquid                                                                                                                                  |

|                        |                                                                                                                                                                                   |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target-Kategorie       | HIST1H2BB                                                                                                                                                                         |
| Application Verdünnung | ELISAFlow CytometryImmunocytochemistry (1:50-1:500)Immunofluorescence (1:30-1:200)Western Blot (1:5000-1:10000)The optimal working dilution should be determined by the end user. |
