## Product Datasheet

### **LAT (phospho Y191) recombinant monoclonal antibody, clone 2E4, Clone: [2E4], Monoclonal ABN-RAB04296**

|                          |                                                                                                                         |

| Artikelname              | LAT (phospho Y191) recombinant monoclonal antibody, clone 2E4, Clone: [2E4], Monoclonal                                 |
| Artikelnummer            | ABN-RAB04296                                                                                                            |
| Hersteller Artikelnummer | RAB04296                                                                                                                |
| Alternativnummer         | ABN-RAB04296-100                                                                                                        |
| Hersteller               | Abnova                                                                                                                  |
| Kategorie                | Antikörper                                                                                                              |
| Applikation              | ELISA, IF, IHC, IP, WB                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                   |
| Immunogen                | Original antibody is raised against a synthetic phosphopeptide corresponding to residues surrounding Y191 of human LAT. |
| Produktbeschreibung      | Rabbit recombinant monoclonal antibody raised against human LAT....                                                     |
| Klonalität               | Monoclonal                                                                                                              |
| Klon-Bezeichnung         | [2E4]                                                                                                                   |
| UniProt                  | 27040                                                                                                                   |
| Puffer                   | In PBS, 150 mM NaCl, pH 7.4 (50% glycerol, 0.02% sodium azide)                                                          |
| Formulierung             | Liquid                                                                                                                  |

| Target-Kategorie       | LAT                                                                                                                                                                                                  |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | ELISAImmunofluorescence (1:20-1:200)Immunohistochemistry (1:50-1:200)Immunoprecipitation (1:200-1:1000)Western Blot (1:500-1:5000)The optimal working dilution should be determined by the end user. |
