## Product Datasheet

### **BLNK recombinant monoclonal antibody, clone R04-7H1, Clone: [R04-7H1], Monoclonal ABN-RAB06015**

|                          |                                                                                             |
|--------------------------|---------------------------------------------------------------------------------------------|
| Artikelname              | BLNK recombinant monoclonal antibody, clone R04-7H1, Clone: [R04-7H1], Monoclonal           |
| Artikelnummer            | ABN-RAB06015                                                                                |
| Hersteller Artikelnummer | RAB06015                                                                                    |
| Alternativnummer         | ABN-RAB06015-100                                                                            |
| Hersteller               | Abnova                                                                                      |
| Kategorie                | Antikörper                                                                                  |
| Applikation              | IP, WB                                                                                      |
| Spezies Reaktivität      | Human                                                                                       |
| Immunogen                | Original antibody is raised against a synthetic peptide corresponding to human BLNK.        |
| Produktbeschreibung      | Rabbit recombinant monoclonal antibody raised against human BLNK....                        |
| Klonalität               | Monoclonal                                                                                  |
| Klon-Bezeichnung         | [R04-7H1]                                                                                   |
| UniProt                  | 29760                                                                                       |
| Puffer                   | In 50 mM Tris-Glycine pH 7.4 (0.15 M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% BSA). |
| Formulierung             | Liquid                                                                                      |

|                        |                                                                                                                         |
|------------------------|-------------------------------------------------------------------------------------------------------------------------|
| Target-Kategorie       | BLNK                                                                                                                    |
| Application Verdünnung | Immunoprecipitation (1/20)Western Blot (1/500-1/1000)The optimal working dilution should be determined by the end user. |
