| Hersteller               | Abnova                                                                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                                                                              |
| Applikation              | ELISA, WB                                                                                                                                                                               |
| Spezies Reaktivität      | Camelus                                                                                                                                                                                 |
| Immunogen                | Recombinant Fc region of alpaca IgG2c                                                                                                                                                   |
| Konjugation              | Biotin                                                                                                                                                                                  |
| Produktbeschreibung      | Rabbit recombinant monoclonal antibody is based on rabbit IgG Fc fused single domain antibody raised against alpaca IgG2c Fc gamma fragment. The antibody is conjugated with biotin.... |
| Puffer                   | In 10 mM PBS, pH 7.5 (0.05% sucrose, 0.1% trehalose, 0.01% proclin 300)                                                                                                                 |
| Formulierung             | Liquid                                                                                                                                                                                  |
| Application Verdünnung   | ELISA (1:4000-1:10000) Western Blot (1:4000-1:10000) The optimal working dilution should be determined by the end user.                                                                 |
