| Hersteller               | Abnova                                                                                                                                                                                                                                            |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                  |
| Applikation              | AP, Array, ELISA, WB                                                                                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                             |
| Produktbeschreibung      | Human ATP6V1E1 full-length ORF ( AAH04443, 1 a.a. - 226 a.a.) recombinant protein with GST-tag at N-terminal....                                                                                                                                  |
| Tag                      | GST                                                                                                                                                                                                                                               |
| UniProt                  | 529                                                                                                                                                                                                                                               |
| Puffer                   | 50 mM Tris-HCl, 10 mM reduced Glutathione, pH=8.0 in the elution buffer.                                                                                                                                                                          |
