## Product Datasheet

### **GDF15 monoclonal antibody, clone 7C12.B3.F2, Clone: [7C12.B3.F2], Mouse, Monoclonal ABN-MAB8162**

|                          |                                                                                            |
|--------------------------|--------------------------------------------------------------------------------------------|
| Artikelname              | GDF15 monoclonal antibody, clone 7C12.B3.F2, Clone: [7C12.B3.F2],<br>Mouse, Monoclonal     |
| Artikelnummer            | ABN-MAB8162                                                                                |
| Hersteller Artikelnummer | MAB8162                                                                                    |
| Alternativnummer         | ABN-MAB8162-100                                                                            |
| Hersteller               | Abnova                                                                                     |
| Wirt                     | Mouse                                                                                      |
| Kategorie                | Antikörper                                                                                 |
| Applikation              | ELISA, WB                                                                                  |
| Spezies Reaktivität      | Human                                                                                      |
| Immunogen                | A synthetic peptide (conjugated with KLH) corresponding to N-terminus end of human GDF15 . |
| Produktbeschreibung      | Mouse monoclonal antibody raised against synthetic peptide of GDF15....                    |
| Klonalität               | Monoclonal                                                                                 |
| Klon-Bezeichnung         | [7C12.B3.F2]                                                                               |
| UniProt                  | 9518                                                                                       |
| Puffer                   | In 20 mM KH <sub>2</sub> PO <sub>4</sub> , 150 mM NaCl, pH 7.2 (0.01% sodium azide)        |

|                        |                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                  |
| Target-Kategorie       | GDF15                                                                                                   |
| Application Verdünnung | ELISA (1:150000)Western Blot (1:1000)The optimal working dilution should be determined by the end user. |
