| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Human MALT1 recombinant fragment (aa701-808)                                                                                                                                                                                                                  |
| Produktbeschreibung      | Mucosa associated lymphoid tissue lymphoma translocation gene 1 (MALT1) is found in extranodal low-grade B cell lymphomas. MALT1 encodes two Ig-like C2-type domains and fuses with an API2 gene, which is highly expressed in adult lymphoid tissue. The ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                                                       |
| Klon-Bezeichnung         | [MT1/3159R]                                                                                                                                                                                                                                                   |
