| Alternativnummer         | AST-A7039-50,AST-A7039-100                                                                                                                                                                                        |
| Hersteller               | Assay Biotechnology                                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                                            |
| Kategorie                | Antikörper                                                                                                                                                                                                        |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                    |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                 |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human CDK2 around the phosphorylation site of Thr160.                                                                                         |
| Klonalität               | Polyclonal                                                                                                                                                                                                        |
| UniProt                  | <a href="#">P24941</a>                                                                                                                                                                                            |
| Quelle                   | Rabbit Polyclonal                                                                                                                                                                                                 |
| Reinheit                 | The antibody was purified from rabbit antiserum by affinity-chromatography using phospho peptide. The antibody against non-phospho peptide was removed by chromatography using corresponding non-phospho peptide. |
| Formulierung             | Rabbit IgG in phosphate buffered saline (without Mg <sup>2+</sup> and Ca <sup>2+</sup> ), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.                                                                |

Application Verdünnung

WB: 1:500~1:1000 IHC: 1:50~1:100 ELISA: 1:5000
