| Immunogen                | The antiserum was produced against synthesized peptide derived from human FOXO3A. AA range:281-330                                                                                                                                                            |
| Produktbeschreibung      | This gene belongs to the forkhead family of transcription factors which are characterized by a distinct forkhead domain. This gene likely functions as a trigger for apoptosis through expression of genes necessary for cell death. Translocation of this... |
